OPPORTUNITIES

We've already mentioned that 10th-16th February is National Apprenticeship Week. We'll be sharing more on this next week but remember, you can use the hash tag #NAW2025 on social media to find opportunities from employers!

Next week is Children's Mental Health Week. This is a mental health awareness week that launched by children's mental health charity, Place2Be. The week exists to empower, equip and give a voice to all children and young people in the UK. This year, Children's Mental Health Week is focussing on Know Yourself, Grow Yourself.

Fancy a creative challenge? This free resource encourages you to learn more about yourself by imagining a plant in growth. It starts off by inviting you to reflect on the roots of your identity, what is important to you, and what helps you grow. You will then think about what is growing from these roots, as with greater understanding of oneself also comes an increased capacity for personal growth, resilience, and connection with others.

Would you like to work with young people experiencing poor mental health? Child and adolescent psychotherapists (CAPT) work with children and young people aged up to 25 and their families and carers to assess and treat a wide range of psychological problems. Here is the NHS Job Profile. If you don't think this role is for you, but would like to work for the NHS, check out the NHS Careers Quiz to be matched to one of their 350 different job roles!

Looking for psychology work experience? You're not alone. In today's competitive job market, hands-on experience is the golden ticket to kickstart your career. This blog is your compass, guiding you through opportunities, dos and don'ts, and insider tips.

JOB OF THE WEEK

Mental Health Therapist

Mental health therapists are qualified professionals who treat the cognitive, behavioral, and emotional aspects of mental health conditions. They can work with children, adults or families.

Watch the video to learn more about how much you could earn, working hours and pathways into the industry.

LABOUR MARKET INFORMATION FACT

As of March 2024, there were about 283,000 therapy professionals in the UK. This includes psychologists, physiotherapists, occupational therapists, speech and language therapists, and more.

This has increased from 127,000 in 2010.
