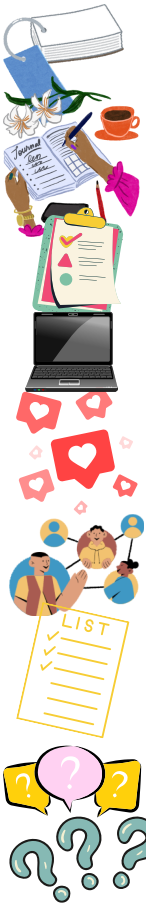
We're sure your summer is filling up with exciting plans, but if you do find yourself with some free time, here are some things you can do to get ahead:



1. If you are currently finishing on a 2 year GCSE or A Level Programme, you can revise what you have learnt this year and/or begin pre reading for next years content.
2. Complete a reflection journal to consider your learnings from this academic year.
3. Make a list of new things you'd like to try next year, consider what skills you would gain from taking part in these things. For example, if you joined a team sport it is likely you would gain teamwork, communication and leadership skills.
4. Take part in a Springpod Virtual Work Experience session.
5. Do a Social Media clean up... Did you know that nearly 70% of employers now routinely check candidates social media profiles?
6. Create a LinkedIn account. Here is a guide from UCAS to help you with this task.
7. Year 12s should consider doing a Personal Statement prep. You can draft bullet points of key experiences, achievements, and skills developed over the past year, ready for writing your personal statement.
8. Year 10s should be preparing for college and sixth form open days. Review the courses you're interested in and create a list of questions you have. Year 12, you should be doing the same but for universities!
