13 March 2026

Dear Parents and Carers

Re: School Closed – Monday 16 March 2026

I am writing to provide you with an update regarding the ongoing power issues at the school.

Unfortunately, we still do not have electrical power to the building. Although a large generator has now been delivered, it has not yet been connected and there will also need to be a period of testing to ensure that all systems across the school are operating safely and correctly.

As a result, I am writing to inform you that the Academy will be **closed to students on Monday 16 March 2026**.

In order to minimise disruption to learning, students will be expected to access remote learning via Microsoft Teams for their timetabled lessons. Teaching staff will be posting work and instructions in their class Team channels over the weekend so that students can access the materials ready for Monday.

Students should follow their usual timetable and check each of their class Teams for the work set by their teachers.

We appreciate that this situation may cause some inconvenience and we are very grateful for your patience and understanding while we work to restore full power to the building. The safety of our students and staff and smooth operation of the Academy is our priority.

We will continue to keep you updated and will provide further information as soon as we are able to confirm arrangements for the remainder of the week.

Thank you for your continued support.

Warmest regards

Mrs V Gibson
Principal
