24 June 2026

Dear Parent/Carer

Re: School Closure – Thursday 25 and Friday 26 June 2026

Following my communication to you earlier this afternoon, we have continued to monitor the weather conditions very carefully and have reviewed the latest forecasts for Thorne and the surrounding areas.

With temperatures expected to rise significantly throughout Thursday and Friday, and after careful consideration of the health, safety and wellbeing of both students and staff, I have taken the difficult decision to close the Academy to all students on Thursday and Friday.

This decision has not been taken lightly. However, given the expected extreme temperatures and the challenges of maintaining a safe and comfortable learning environment across the site, I believe this is the most appropriate course of action.

All staff have been directed to attend the Academy and prepare high-quality learning resources for students to complete remotely via Microsoft Teams. Students are familiar with accessing their learning through Teams and should log in as normal to complete the work set by their teachers.

Should your child experience any difficulties accessing their learning, please contact their Head of Year directly, who will be happy to provide support and guidance.

I do recognise that some families may not be able to make alternative arrangements for their child to remain at home during the closure. In these circumstances, students may attend the Academy, where a limited number of air-conditioned classrooms will be available. **To help us plan appropriately and ensure sufficient supervision and resources are in place, parents/carers who would like their child to attend school tomorrow, Thursday 25 and Friday 26 June must complete the Microsoft Form below to secure a place for their child. The form must be completed and submitted no later than 7.30am, Thursday 25 June 2026.**

Student To Attend Trinity Academy on Thursday 25 June and Friday 26 June 2026 – Fill in form

I would also like to take this opportunity to remind all parents and carers of the importance of helping us keep young people safe during the period of hot weather. In particular, I ask that you speak with your child about the dangers associated with swimming or gathering around local canals and waterways. While these may appear inviting in warm weather, they can present significant risks, and we would encourage all students to stay away from them.

Emmanuel Schools Foundation

Thank you for your continued support, understanding and patience during this period of extreme weather. I appreciate that this decision may cause some inconvenience for families, but I am sure you will understand that the safety and wellbeing of our students must remain our priority.

We will continue to monitor the situation closely and will communicate any further updates should they be necessary.

Your sincerely

Mrs V Gibson
