Year 11 Leavers Assembly

Our Year 11 leavers assembly this year had a brilliant *Toy Story* theme and it really made the whole event feel special. Huge credit to staff, who fully got involved, with Mr Stockey dressed as Woody and Mrs Farrand as Jessie, leading the way.

There was a great atmosphere from start to finish. Lots of memories were shared, with a mix of laughter and a few tears as everyone reflected on the last five years. It was clear how much this year group means to the staff and to each other, there definitely weren't many dry eyes by the end.

WORK WITH US- https://trinity-academy.org.uk/vacancies/

This cohort has achieved so much during their time with us and the assembly was a fantastic way to celebrate that. They've grown into a brilliant group of young people and should be really proud of everything they've accomplished.

We wish all of our Year 11 students the very best as they move on to their next steps after Year 11. Good luck to you all, you'll be missed!

Cricket Match Report

Our cricket team played in their second match of the season this week against XP. Batting first, we scored 99 runs from our 12 overs, with Harry B(18 not out), Jonathan S (18 not out) and Heidi F (8 not out) being the pick of the batters.

After a slight rain delay, we continued the game in the Sports Hall. In reply, XP managed to score 86 runs from their 12 overs, with Peter E being the pick of the bowlers.
We have now registered two wins from two games. The rain has tried hard to dampen spirits in both matches, but the team has shown great determination, adaptability and enthusiasm to overcome the conditions. Hopefully, we can fit some more games in before the end of the season.

At The National College, our WakeUpWednesday guides empower and equip parents, carers and educators with the confidence and practical skills to be able to have informed and age-appropriate conversations with children about online safety, mental health and wellbeing, and climate change. For further guides, hints and tips, please visit nationalcollege.com.

10 Top Tips for Parents and Educators

BUILDING SCHOOL-READY LANGUAGE SKILLS

Oral language is fundamental to children's learning, literacy, and social and emotional development, with long-term impacts. As language develops rapidly between the ages of three and six, early, evidence-based support is essential. This guide offers practical ways to help the children in your care become confident communicators, including through proven approaches such as the DfE-funded NELI programmes available to settings in England.

1 BUILD ORAL LANGUAGE

Support children to use language, not just hear it. Give them the time to talk, respond, ask questions, and share their ideas. Everyday conversations, shared activities, and reading together help children practise both speaking and listening. At nursery or school, programmes such as NELI can help build their vocabulary, storytelling, attention, and listening skills, helping children grow in confidence as communicators.

2 SUPPORT LISTENING SKILLS

"PLEASE PUT YOUR COAT ON"

Help children to listen and follow simple instructions during everyday routines. Break instructions down into short, manageable steps and check their understanding. For example, say, "Please put your coat on," rather than giving them several instructions at once. Strong listening skills support learning, attention, and participation at school.

3 GROW THEIR VOCABULARY

Talk with children about the world around them, naming objects, actions, and feelings. Use a wide range of words during everyday activities such as shopping, cooking, and playing. Repeating and explaining new words help children understand and use vocabulary more confidently, supporting their comprehension and communication.

4 SHARE STORIES TOGETHER

Read storybooks together regularly and talk about characters, events, and illustrations. Ask simple questions such as "What's happening here?" and validate children's responses with positive feedback. Acting out stories together, asking open questions, and giving children the chance to be the storyteller can all support their narrative skills and confidence.

5 NAME DIFFERENT FEELINGS

Help children learn to express themselves by talking about different feelings and naming them clearly, such as happy, sad, or angry. Visuals and role play can support their understanding of this. Being able to express their feelings verbally helps children build positive relationships with adults and peers, reduces frustration, and supports their social development as they prepare for school.

6 WORK WITH SETTINGS

Strong communication between home and the nursery, school, or early years setting can help children feel more confident and supported. Parents can visit the setting with their child before they start, helping them become familiar with the environment and key adults. Educators can share relevant information with families and colleagues, so each child's needs are understood. Newsletters can also help families continue language learning at home.

7 SPOT LANGUAGE NEEDS

Children develop their language and communication skills at different rates, so early conversations between home and settings are important. If parents have concerns, they should speak to their child's nursery, school, or early years setting. Educators can use tools such as LanguageScreen, included in the NELI programmes, to build a profile of a child's speaking and listening skills and help identify suitable support.

8 EVIDENCE-BASED SUPPORT

Prioritise language and literacy approaches that are underpinned by robust research evidence. Evidence-based programmes help ensure children receive support that is more likely to make a meaningful difference. The Education Endowment Foundation (EEF) provides guidance on the strength of evidence behind different strategies, supporting informed decision-making and effective use of school time and resources.

9 MEET INDIVIDUAL NEEDS

Settings can use evidence-based assessment tools to understand children's language skills and identify where support may be needed. These tools support SEND reforms, and strengthen whole-setting language development, helping children receive support that reflects their individual communication needs.

10 TAKE PART IN RESEARCH

Research trials can give schools, early years settings, and families a valuable opportunity to contribute to evidence construction and future policy. Parents may be asked to give consent, share feedback, or support activities at home, while educators help deliver and monitor approaches in practice. The EEF often has trials that settings can join, including whole-class oral language programmes designed to support children's communication development.

Meet Our Expert

OxEd is a University of Oxford spinout company specialising in early language and literacy assessment and intervention. They are the delivery team for the Nuffield Early Language Intervention (NELI) programme in reception, funded by the Department for Education for schools in England, and for NELI Preschool, which supports nurseries to strengthen children's early language development through evidence-based practice.

Leggott Launch

WE INVITE ALL APPLICANTS TO JOIN US FOR Y11 TRANSITION DAY AT JOHN LEGGOTT COLLEGE

THURSDAY 25TH JUNE 2026

Leggott Launch is our transition day, an opportunity for future students to test out life as a JLC student!

We encourage all applicants to join us for Leggott launch as this can support students to confirm their chosen courses, learn about what their daily college life will be like, test out their travel arrangements, understand the available support teams in college and meet other students they will study with in September.

WHAT TO EXPECT:

TASTER SESSIONS
As part of the day, students will be given a taster session in each of their chosen subjects. This is a great way to test out our courses before commiting to a final decision at enrolment.

MEET OTHER STUDENTS
We have students joining us from all across the region, as well as international students from a wide range of places across the globe! Leggott Launch is the perfect opportunity for students to meet new, like-minded people.

MUSIC & ACTIVITIES
College life gives students more independence and responsibility over how they spend their day. Students will get some free time as part of Leggott Launch to explore the campus at their own pace, get involved in activities and meet our support teams.

FREE FOOD
Grab a free lunch in Society Street Kitchen!

FREE TRANSPORT
If students live more than 3 miles away from college, and are currently located in an area served by one of our bus routes, we will provide free bus transport to college and back.

BOOK NOW

fill in this form or scan the QR code to secure a place at Leggott Launch!

RAF WORLD LAUNCHPAD

YOUR FUTURE STARTS HERE

JOIN US ON

22.07.26

19:30-21:00

A free virtual event designed to launch your journey into the Royal Air Force.

Get an exclusive inside view of RAF life and the people who live it. Whether you're just starting to explore, weighing up your options, or ready to take the next step, this is where your story begins.

What awaits you:

- Live Q&As with RAF personnel – Hear directly from those who've trained, travelled and built rewarding careers across every profession.
- Career Pathways Spotlight – Explore the full range of RAF roles, from aircrew and engineers to medics, intelligence and logistics.
- 360° Interactive Experience – Step inside RAF bases and operations and see how every role connects to the mission.
- Lifestyle & Training Insights – Discover what it really means to live, train and thrive in the RAF.

CURIOUS ABOUT WHERE A CAREER IN THE RAF COULD TAKE YOU?

THIS IS YOUR LAUNCHPAD.
